YOUR QUESTION

You want to keep and strengthen your union. The key chapters for you are V and VIII: where you stumble and what each of you can do to prevent it.

CHAPTER I

Couple energy

Why you met and the potential of your union

12

CENTRE OF THE COUPLE MATRIX

The Hanged Man

A union that changes perspective

This relationship turns your life upside down. Next to each other you start to see the world differently.

The Hanged Man at the centre turns your lives upside down. Next to each other you start to see the world differently and learn acceptance. This couple can survive what breaks others — as long as one partner does not quietly sacrifice everything.

STRENGTH OF THE UNION

Acceptance, depth and the ability to survive what breaks other couples.

THE COUPLE'S KEY

Watch the balance of giving and receiving. Sacrifice is not the same as love.

CHAPTER II

Karmic task

The lesson you go through together

15 — 6 — 9

THE COUPLE'S KARMIC TAIL

What you came with: 15 · The Tempter

A lesson of freedom inside closeness. In the past this energy may have gone into dependence, manipulation and power at any cost. The task is to enjoy passion without possessing each other.

What you are here to create: 9 · The Hermit

A lesson of wisdom and connection. In the past this energy may have gone into isolation and coldness. The task is to share what you know and to come out to people, not to hide from the world.

The linking energy of the tail is 6 (The Lovers: choice, harmony, partnership). Through it the lesson shows up in the couple's everyday life.

YOUR FEELING

You said it feels as if you have known each other forever. This line of the matrix is responsible for that feeling: you met to complete this lesson together.

CHAPTER III

Attraction and jealousy

What ignites passion, what puts it out and where jealousy comes from

5

ATTRACTION CHANNEL

The Hierophant

Attraction comes from respect and serious intentions: 'this person is someone I can build a family with'. Jealousy is about loyalty and public image. Passion returns when you learn something new together.

Feelings point: 19 · The Sun

Attraction is bright and warm. Jealousy appears when attention goes to others. Passion returns with celebration, travel and joy together.

CHAPTER IV

Roles in the couple

Who leads, who inspires and where you compete

13

ANNA

Transformation

Strong, magnetic, capable of sharp turns. In a couple — the one who brings renewal. The shadow is harshness.

8

MAX

Justice

Honest, rational, responsible. In a couple — the one who keeps balance and fairness. The shadow is criticism and resentment.

Couple dynamics

Max naturally takes the lead, while Anna feels and supports. This is a harmonious balance if the leader listens and the supporter does not keep quiet about their wishes.

CHAPTER V

Points of conflict

Recurring arguments: what triggers them and how to get out of them

YOUR COUPLE'S MAIN RISK

Self-sacrifice. One of you gives noticeably more and silently waits to be appreciated.

How an argument starts

Conflict starts with silent sacrifice: one gives more and waits to be appreciated. The way out is to talk about needs openly and keep the balance of giving and receiving.

The deeper cause: 15 · The Tempter

Conflict starts with control and possessiveness. The way out is trust and a looser grip: the less you hold, the stronger the pull.

CHAPTER VI

Money as a couple

The money channel of the union

20

THE COUPLE'S MONEY CHANNEL

Judgement

Money comes through family and heritage: family business, teaching, psychology, history. The block is family beliefs about money.

Money point: 4 · The Emperor

Money comes through structure: management, business, finance, construction, systems. The block is wanting to control everything yourself and refusing to delegate.

How you influence each other's income

Anna brings the energy of "freedom, harmony, horizons" into the couple's material world, Max brings "joy, success, warmth". When you rely on these qualities together, income grows.

CHAPTER VII

Testing years

A 10-year forecast for the couple

The year energy for the couple is calculated from the centre of your matrix and the sum of the digits of the year. In testing years the union is put to the test; in breakthrough years it is easiest to build together.

2026 **22** **The Fool** STEADY
A year of freedom and experiments: try new things, travel, change routines. The risk is irresponsibility.

2027 **5** **The Hierophant** STEADY
A year of learning, mentors and official steps: diplomas, marriage, meeting the parents. The risk is excessive conservatism and conflicts between generations.

2028 **6** **The Lovers** BREAKTHROUGH
A year of love and choice: new relationships, reconciliation, a wedding or a decision long put off. The risk is wavering between options.

2029 **7** **The Chariot** BREAKTHROUGH
A year of movement and breakthroughs: moves, travel, a new job. The risk is conflicts caused by rushing and exhaustion.

2030 **17** **The Star** BREAKTHROUGH
A year of hope and recognition: creative projects, publicity, dreams coming true if you work on them. The risk is disappointment from inflated expectations.

2031 **18** **The Moon** TEST
A year of intuition and testing fears. Things are unclear, so trust your feelings and do not decide in panic. The risk is anxiety and illusions.

2032 **19** **The Sun** BREAKTHROUGH

One of the best years: success, joy, recognition. Good for career, publicity, children and family. The risk is pride and overestimating your strength.

2033 **20** **Judgement** TEST

A year of awakening and results: people from the past return, family topics surface. Good for reconciliation and family decisions. The risk is old resentments.

2034 **21** **The World** BREAKTHROUGH

A year of completion and new horizons: the puzzle comes together. Good for travel and scaling up. The risk is indecision.

2035 **22** **The Fool** STEADY

A year of freedom and experiments: try new things, travel, change routines. The risk is irresponsibility.

CHAPTER VIII

What will strengthen the union

Personal recommendations for each of you

Anna

Let go of the old in time. Change yourself, not only your circumstances.

Max

Be fair to yourself as well as to others. Make honest agreements and keep them.

For both of you

Watch the balance of giving and receiving. Sacrifice is not the same as love. Step out of the victim role and act. Help others without forgetting yourself.

YOUR QUESTION: “DO WE HAVE A FUTURE”

Re-read chapter VII: it describes what exactly in your matrix triggers this.

Matrix of Two

The matrix shows potential. The choice is yours.
